ADDITIONAL VALUE ADDED PROVISIONS

Insurance

LDW (Loss Damage Waiver) is included on business rentals booked with the State of Arizona designated AWD/BCD at all participating U.S. locations provided the terms and conditions of the rental agreement are not violated and the rental is considered for business purposes.

Liability insurance covers persons and property outside the rental vehicle as long as all rental terms and conditions are met. The amount of this insurance is \$100,000 bodily injury per person, \$300,000 bodily injury per occurrence; and \$100,000 property damage per occurrence, for a total of \$400,000 per accident.

Accident reporting procedures

In case of an accident, Avis provides a toll free number on rental documents and displayed on the key tag of the vehicle. Traveler should call the toll free number, report the incident, and describe the damage to the vehicle and 3rd party if applicable. Traveler should complete the Accident/Incident report provided on the rental document (or in the glove compartment) and notify the renting location. The renting location will forward all information to Avis Budget's damage claim department and it will be assigned to an adjuster. Damage claims are typically resolved within 14-28 days from the time the Accident/Incident Report is completed and provided to Avis or Budget, but may take longer.
